

\$5 = Faith Stimulus Money

Just as the Federal government has pledged funds to stimulate the economy, we on the Stewardship Committee hope to stimulate Faith, through intentional giving. In lieu of a kick-off event this year, we have enclosed a small sum of money in this envelope, with the hope that you will “Stimulate Faith All Around.” How you use it is entirely up to you – donate it to a food bank, buy lunch for a homeless person, pay someone’s toll at the Bay Bridge? We just hope the simple act of intentional giving will remind you of how far your investments can go at St. John’s. We’ll have a poster in the Narthex for you to share your “Faith Stimulus Acts” if you choose.
